Thursday 17th December 2020

Dear Parents,

Thank you for all the support you have given to help keep the school open safely since September. With the vaccine now beginning to be distributed across the world, we are hopeful there will be an end to the pandemic in 2021. However, it is likely there will still be challenges to face for the rest of this Winter. We will continue to follow the latest guidance and keep you informed about what we are doing in school to make sure we are working as safely as possible. Our Covid updates will be delivered by text. You can also visit our Covid section of the school website for more information.

Please also check the NHS website for the latest guidance.

Governors

Firstly, just to say well done for making it through such a tough year, the school community has coped magnificently with all the coronavirus restrictions.

I am pleased to say that Elfreda Kebbie has offered to become a parent governor, which is great news. The board does still need a parent governor, so if you are interested in working to support the school to continue to deliver a great education for your children then please speak to Mr Burton to find out what is involved.

As I step down as Chair at the end of this term, I would also like to thank-you all for providing so much support to the school staff and your children. It has been inspiring to be involved with the school and work with you as a fellow parent. Hope you have a fantastic break and best wishes for 2021!

 Chair of Governors
